## **OB**

**Stitches in Time** - Had about 56 attendees. Collected feedback with "event evaluation forms" Many folks would return if we did it again, and would bring their friends. Thank you email has already been sent. Would probably want to do it again next year. Loss of approximately \$91.00 (need 4 more people to break even). For 2017, may look at March 31st, April 1st and 2nd, to avoid holidays and other standing events. Camp K should be available. Don't have to decide about it now. Caretaker noted that we left the camp "spotless." We had an informal request about hosting a cook's collegium
