

DAILY ASSIGNMENT

Announcement: Tonight (Monday, Sept. 29) we will watch a movie about Einstein (Vaughan Lit. Bldg. 102, 7 – 9pm)

due: Wednesday October 1, 9 am

No reading

1. Project II

1a. Hardcopies Hand in as hard-copies both your second draft of your paper for project II and your first draft with the comments of your group partner. Use the comments of your group partner to revise your second draft. Your and your group partner's paper should be one unity, so work on smooth transitions and consistency. I therefore need only one hardcopy per group for the second draft.

1b. Electronic Submission In addition to the hardcopies submit your paper (one per group). For this submission do not send your paper to me but submit it to "turnitin". This is some webpage designed for checking for plagiarism. The webpage for turnitin is <http://www.turnitin.com>

For the first time the checkin is a bit more work than all other times, because you will have to register. But there is a very good guide for how to do it on the webpage

http://www.turnitin.com/static/training_support/tii_student_quickstart.html

For your login password you can choose whatever password you would like. When you register you will probably also need the following information:

classname: foundsem_f2003

enrollment password: einstein

code: FOUN 094-39

ID: 1086371

In case of any questions Bud Hiller dhiller@bucknell.edu is the expert on campus (ISR) for turnitin.
