

DAILY ASSIGNMENT

Due: Monday October 4, 9 am

(Please answer all questions via the entry on our webpage. You will need your answers on Monday in class, so please make a print out in case you are not bringing a computer.)

Read: Heisenberg Probably Slept Here: **Rutherford** (pages 107 – 129)

1. Find some source(s) about the Nobel Prize and summarize your findings.
2. On Friday we will discuss in class in groups
 - (1) the life (time table of major events in Rutherford's life)
 - (2) the scientific achievements
 - (3) Rutherford's personality and life.You will first work in groups and will then present in class your findings. As preparation take notes.
3. What did you find most interesting about Rutherford's life and/or scientific work? Which interesting topic(s) are raised by Rutherford's life? (I will ask you in class to suggest a topic for our discussion.)
4. Do you have any comments about the last class(es) and/or this daily assignment?
