

Reading Assignment 09/08

(due: Tuesday, September 3, 4 pm)

Announcement: We meet tomorrow, Tue, Sept. 8, 4-5 pm, Olin 264

Read: §1.6

1. Specific Heat: Look up some application of specific heat. Check the internet and web of knowledge for research with specific heat measurements.

2. Enthalpy: Explain briefly when it makes sense to use enthalpy, with other words: What is useful about enthalpy?

3. Journal Entry: Your journal entry should reflect that you have done the reading and can contain any or all of the following: a summary, comments on what part of the reading was most difficult, easy, and interesting, or general comments about the course. Your comments help me to adjust the lecture to cover the for you most difficult concepts/calculations.

Homework: 1.27, 1.34, 1.36
