

# Homework Assignment #20

Due Thu, April 18, 9:30am, at beginning of class

## Second (Complete) Main Project Paper:

At the beginning of next class, the complete main project paper is due. This complete paper includes: title, abstract, and the sections: introduction/background, model, theory (if available), simulation details, results, conclusions/discussions. For more information please “Guidelines for Main Project” on our webpage (“Paper” and other links).

The results section of this “first” version of the second main project paper will be used for the grading of your results.

For this assignment:

- hand in hardcopy of complete paper
- put into your `~/share.dir/` the pdf-file of your complete paper, and set the read permission for it.
- hand in hardcopy of last version of first paper with my comments and first version of your results section with my comments.

## Future Deadlines:

- Tue, April, 23: Second Version of Title & Abstract (will be used for grading)
- Tue, April 23: Main Project Talks: Andrew, Jeanine, Grant
- Thu, April 25: Main Project Talks: Coby, JJ
- Tue, May 7, 8am: Final Version of 2nd Paper
