

Upcoming Assignments and Announcement:

- March 9: We will **not** meet in class. (I will be out town for a conference, and so will Amin and Michael.)
We will make up this class with individual meetings for everybody. Those meetings will happen after spring break (stay tuned).
- March 9: Due 11pm as pdf-file via email
Final Version of Flow Chart for Main Project
Please use all of my feedback for revisions. Handwritten flow chart is fine, but it should be the complete flow chart with as much information as possible. (You will need this flow chart for the next step of the main project: the first version of your program.)
- March 21: 1st Version of Program for Main Project
- March 28: 2nd Version of Program for Main Project
