Daily Assignment

read:   hand-outs about Unix commands and C-commands

due:    Monday January 22, 8 am

Hand your answers back to me either via email (kvollmay@bucknell.edu) or as hardcopy.

1. Do the “Unix Exercise”.
2. Do the “Advanced Unix Exercises” 1-4.
3. Read about input and output in C (or C++).
   (a) How does one read and write using standard input and output?
   (b) How does one read and write using files?
4. What was most difficult of this assignment and the last classes and/or what was most interesting?
