DAILY ASSIGNMENT

announcements:

- We will meet on Monday, March 27, in Dana 314 from 3-5pm.
- You get extension for the flow diagram until Wednesday, March 29.
- No homework assignment for the next two weeks. Use the time to work on your program. (If you come across any questions please feel to ask me.)

reminder: Work steadily on the program of your project. The first working program will be due April 7.

due: Monday, March 27.

On Monday we will finish the exercises of the random walk in two dimensions. Then we will work on the DLA program.

1 Plan carefully how you would program the DLA model. Make a flow diagram of the DLA program and hand the flowdiagram to me (as email or it might be easier as hardcopy).
