**DAILY ASSIGNMENT**

Due: Wednesday, November 6, 8 am

announcements:
- The bibliography for Project III will be due Nov. 8.
- The reading of *Copenhagen* will be due Nov. 8.

read: Pages 153-183 (Heisenberg) in *Heisenberg Probably Slept Here*

Hand your answers back to me either via email (kvollmay@bucknell.edu) *(please as text file, not as attached document)* or as hardcopy.

1. Summaries of talks of David & Aaron, Sheila & Ayse, and Mark & Faizal.

2. Sign up on the Sign-Up Sheet for Project III using the link "Sign-Up Sheet for Project III (Scientist of Present)" on our webpage (http://www.eg.bucknell.edu/~kvollmay/found_f2002/).

3. This reading about Heisenberg provides background for the play *Copenhagen* which we will discuss on Friday, Nov. 6.
   3a. Describe the relation of Heisenberg and Bohr over time.
   3b. Summarize with keywords the main (weird) concepts of quantum mechanics.
   3c. What of this reading did you find most interesting and/or what was most difficult?
