Class Exercise 1
CSCI 479 Software Design with Java
August 28, 2002

Read carefully THE Problem to be solved this semester.

Send five minutes and try to answer the following questions pertaining to THE Problem of the course. Then spend five minutes sharing your answers with a partner. Revise and be prepared to share with the rest of the class.

1. What do you know already?

2. What don't you know?

3. What is needed to solve this problem?

4. What are some of the substeps to arrive at a solution?
