

Reading Assignment 11/21

(due: Friday, November 21, 9 am)

Read: §7.5 through page 296

1.: In other courses, e.g. in junior lab, you might have seen applications of black body radiation. As answer to this question go back to your course materials of different courses and give examples for the application of black body radiation.

2. Comments: What of this reading did you find most difficult and what did you find most interesting? Any other comments?

Homework #32 due Nov. 21: 7.20 & 7.22
