## Education

- Rice University:** Ph.D in Electrical Engineering, May 1994  
Thesis Title: *Ultrafast Carrier Relaxation in C<sub>60</sub>*  
Thesis Advisor: Dr. N.J. Halas
- Rice University:** MEE in Electrical Engineering, May 1987
- Rice University:** BS in Electrical Engineering May 1986

## Professional Affiliations

- American Society for Engineering Education: ERM Division, DEED Division.
- Institute of Electrical and Electronics Engineers; Education Society, Lasers and Electro-Optic Society.
- Optical Society of America, occasional member.

## Teaching

- Taught over a dozen different electrical engineering courses including *Introduction to Engineering, Design of Engineering Systems, Microcomputer Architecture, Electromagnetic Fields, Optical Electronics, and Engineering Optics*.
- Developed new courses and curricula supported by over \$1.5M in National Science Foundation awards..

## Research Interests

- Associate Professor, Oklahoma State University, 2003-present: Research on engineering education and developing new pedagogies designed to be relevant to students. Terahertz optoelectronics including integrated systems and interferometry,
- Assistant Professor, Oklahoma State University, 1998-2003: Development of engineering courses that emphasize application of engineering principles to real-world problems. Terahertz optoelectronics including commercial application of THz spectroscopy.
- Previous Experience: Terahertz time resolved spectroscopy of gas samples, combustion, and impulse ranging, time resolved carrier dynamics in semiconductors and disordered systems, nonlinear optics, electron beam pumped excimer lasers.

## Service

### Professional Service:

- Program Director, ENG/EEC engineering education program, National Science Foundation.
- Reviewer/Panelist for *IEEE Transactions on Education, ASEE ERM Division, National Science Foundation, National Institutes of Health, Optics Letters, Optics Express, Optics Communications, Journal of the Optical Society of America, Applied Physics Letters, IEEE Selected Topics in Quantum Electronics, the United States Civilian Research and Development Fund, Applied Optics*
- Organizing Committee Member *Optical THz Science and Technology Conference*, Orlando, FL.

### University Service:

- Chair of departmental accreditation committee- Oklahoma State University.
- University-wide assessment and accreditation committee work- Oklahoma State University.

### Educational Service:

- Trainer for National Center for Case Studies in Science.

## Honors and Awards

- HKN and IEEE OSU Student Chapter Outstanding Professor Award
- NSF CAREER Award
- Robert Welch Foundation Fellowship

## Scholarship

### Book Chapters

### Workshops Given

- *Introduction to THz Technology*. This three hour workshop presents the basics of THz technology to industry, government, and academic participant. Given at Conference on Lasers and Electrooptics 2006-2009.
- *Special Session – Utopia University- Building a Roadmap for Education the Next Millenium's Engineers*. A workshop at the 2009 Frontiers in Education Conference given jointly with Euan Lindsay and Lisa Benson.

- *Case Studies in Engineering Education.* A three hour workshop on how to use case studies in engineering courses given at the ASEE Annual Meeting 2007 and 2008.
- *Case Studies for Emergency Responders.* A short 90 minute workshop for Oklahoma first responders on using case studies to train emergency personnel given at OSU's Fire Protection Services Summer Workshop.
- Approximately ten to fifteen workshops on educational pedagogy and technology given as part of OSU's *Institute for Teaching and Learning Excellence* ongoing faculty development series.
- *Introduction to THz Technology.* Another workshop on the basics of THz technology to industry, government, and academic participant. Given at American Physical Society March Meeting 2009.
